INFORMATION DISCLOSURE STATEMENT
UNDER 37 C.F.R. 1.97 AND 1.98

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Submitted herewith are copies of the documents that are listed on the attached four sheets of PTO Forms PTO/SB/08A (two sheets) and PTO/SB/08B (two sheets) for consideration by the Examiner in charge of the above-identified patent application.

Since the identification and submission of these documents are for the purpose of meeting applicants' duty of disclosure under 37 C.F.R.

§1.56, applicants neither admit or deny that any of these documents constitutes prior art as to the invention claimed in the present application.

The identification, by column, line number and Figure number, of portions of the listed U.S. patents is not intended to represent that such portions are the only or most pertinent portions, but rather to identify the portions that were of interest to the undersigned. Since these patents may contain relevant information other than that which has been identified, the Examiner is urged to review the documents completely and form his own conclusions with regard to the relevance of the patents.

Copies of translations of some non-English language documents, or of excerpts therefrom, are attached. Applicant's do not represent that the translated excerpts are the only or most pertinent parts of the documents. Rather they were the parts that came to the attention of the undersigned. Applicants do not represent that any of the excerpts or other translations is free from omissions, except to say that they have no knowledge suggesting that there are omissions. Nor do applicants represent that any of the translations is accurate, except to say that the EPO esp@acenet abstracts and other human translations were prepared by translators thought to be

competent, and that the machine translations (furnished by a search firm) are quite difficult to interpret and may contain inaccuracies.

For the concise explanation required by 37 C.F.R. § 1.98 (a)(3)(i) with respect to those foreign language documents for which no translation or only a machine translation has been submitted, copies of English language EPO esp@cenet or other abstracts have been provided.

The attached documents are being submitted following receipt of a first Office Action, but prior to the undersigned having any notice of a Final Office Action or a Notice of Allowance. Check No. 13997 in the amount of \$180.00 is attached hereto in payment of the fee required by 37 C.F.R. §§ 1.17(p) and 1.97.

Respectfully submitted,

Dated: September 15, 2005
